DESCRIPTION

Description fournie par le constructeur The Oceanis 46 boasts all the features of a large cruising yacht, with a rare balance between elegance, usable space and performance. Her stepped hull opens up an incredible amount of space inside and yet her seakeeping performance is still impressive. A large number of clever customizable fittings make her easy to sail and pleasantly comfortable. The Oceanis 46.1 is based on a Finot-Conq plan, keeping the distinctive stepped hull of the 51.1. Apart from her performance at sea and the huge amount of space that set this boat apart, this architecture makes optimal use of the cockpit beam. An incredibly efficient deck plan makes her wonderfully safe and easy to use. The furling mast, self-tailing jib and all the halyards and sheets brought back to a single winch at each of the helm stations, make manoeuvring simple when short-handed sailing.

Engine Notes Maximum Engine Power 57hp
