

PERFORMANCE

With a 100hp outboard, the Azimut 72 Fly is a fast and agile boat. It can reach a top speed of 30 knots and has a cruising speed of 25 knots. The boat is also very manoeuvrable, with a tight turning circle and the ability to hold its own in a crosswind. The Azimut 72 Fly is a great choice for those who want a fast and agile boat that can handle a variety of conditions.

The Azimut 72 Fly is a great choice for those who want a fast and agile boat that can handle a variety of conditions. It is a well-built boat with a lot of space and a comfortable interior. The Azimut 72 Fly is a great choice for those who want a fast and agile boat that can handle a variety of conditions.
