komorebi yachts 148'

25 000 000 € HT

## Description

PAJOT YACHTS SELECTION – Komorebi 148' / 45 m

This one-of-a-kind yacht that you are about to discover is the perfect synergy between long range ocean cruising and easy day sailing.

As a former Olympic medalist and America's Cup multi-challenger skipper, with 20 years of professional yacht broker experience, I have come to the conclusion that the majority of yacht owners choose motor yachts over sailing vessels although they still have a tremendous passion for sailing.

The common obstacles are:

- Complex sailing expertise needed
- Discomfort from heeling at sea
- Low maneuverability and speed

We have put together one of the best international French naval architects, Group VPLP and engineers to provide a perfect yacht able to meet those major obstacles and address the future generation of 42m long, world owner market.

The unique and advanced KOMOREBI – which stands for « Well Being » in Japanese – will provide the best yachting experience thanks to :

- Stabilized monohull no heel no roll
- Easy to sail, entirely automated
- Hybrid solution, energy efficient, and low consumption
